We're erecting a new building for this print ministry...

## THE PRINTING POST

### PRAYER LETTER - JULY 2005

Dear praying friends,

Greetings from the **Southland Baptist Press** ministry! The Lord has kept us busy during the months of **May** and **June** printing for white-already-to-harvest mission fields and preparing tracts in foreign languages.

At June 30, **1.8 million tracts** have been printed **since the start of 2005**. **1.3 million** have already been shipped out. The following accounts tell how together we - you and **Southland Baptist Press** - have invested in the furtherance of the Gospel:

### Flooding Papua New Guinea with tracts

At the end of **May**, we shipped **500,000 tracts** to Pastor Michael Saka and Missionary Gary Keck. These men will distribute the tracts to other churches in the **Lae** and **Wau** districts. The tracts we sent were "Free Prescription", "Things You Should Know" and "God I Laik Yu Save Long Dispela 4-Pela Gutpela Samting" (Pidgin). While we're 'talking Pidgin', we're excited to inform you that we have been designing a number of new tracts in Pidgin, and Lord willing, we'll include them in the next shipment of **500,000 tracts** planned for **Port Moresby** in **September**.

Part of the shipment to Lae

New Pidgin tracts

### 1,000,000 tracts for the Philippines

Alongside the shipment to PNG mentioned above, we're working towards sending **500,000 tracts** to the Philippines by the end of **August**. Should the Lord provide additional funds to purchase more paper and ink, we will increase this shipment to **1 million tracts**. Would you please pray if the Lord would have you contribute towards this project?

We have been working closely with our contacts in Cebu on the design of several **Cebuano** tracts. Cebuano is used extensively in the **Visayas** and **Mindanao**. Please pray that the **translation** and **proof-reading** will be completed soon. Imagine reaching out to people in their native language! Pastor Rick Martin in **Iloilo** was a great encouragement and blessing this week, telling us of the numbers in his church saved through the reading of a tract. You, our supporters, had a part in that!

### An update on the new print ministry building

At the end of April, Good Shepherd Baptist started a building project to house **Southland Baptist Press** because the ministry has outgrown its present premises.

The members of Good Shepherd Baptist have undertaken to fund this project, therefore all love offerings you give will always go towards purchasing paper and ink for the printing of more gospel tracts.

Please join us in praying for the safe and speedy completion of this building project.

### Together, let's keep these prayer points before the Lord:

- For souls to be saved to life eternal through Jesus Christ and the tracts you help print,
- Increased support - we want to fill every request for tracts; we have the capability to print and send more tracts,
- Design and translation of foreign language tracts we're currently working on - Pidgin, Cebuano, Fijian and Romanian.

Until the next Printing Post, in the Master's service,

*Sylvester Chong* for the **Southland Baptist Press** ministry

*"That I may publish with the voice of thanksgiving, and tell of all thy wondrous works." - Psalm 26:7*

Marking out the site

Preparing the footings

Pouring the slab

Many hands make light work

Erecting the framing

Attaching the roof trusses

Ready for the next stage...

Please keep praying for this ministry...
