“That I may publish with the voice of  
thanksgiving, and tell of  
all thy wondrous works.”  
Psalm 26:7

Greetings once again in the magnificent name of our Lord Jesus Christ!

Like all ministries that are actively doing something for God’s harvest, we have experienced our fair share of challenges. Equipment breakdowns more frequent than my liking meant that we just missed our production target, but we still managed to put together a larger-than-planned order for Papua New Guinea.

Some things don’t make sense when you’re operating in God’s economy, but that’s the Bible way, isn’t it? Amen?

## Shipment to PNG

This week, over 1.7 million tracts left our print shop for Port Moresby in Papua New Guinea. That’s 1,060,000 tracts in Pidgin and 650,000 in English - in eight different titles.

This shipment was planned to specifically coincide with a Pastor School’s to be held at Bible Baptist Church in late May. Pastor Paul Lahari and his

Some of the 185 boxes

Pastor Paul Lahari and his

men will distribute these tracts to the more than 250 national pastors and missionaries planning to be there.

A New Guinean brother from Good Shepherd Baptist Church will be going over for the Conference next month. I look forward to passing on to you his first-hand report on how your investment has benefitted that corner of God’s harvest field.

Pray with us that these tracts will be instrumental in the winning of many souls to Christ there in PNG.

Our main volunteers  
Dieter, Jean & Brian

## What’s next?

With the PNG project now over, we’re now planning to print for a handful of Aussie churches before we start printing for the Philippines again. Our aim is to send around 3.5 million tracts for 150+ preachers who will attend a Pastor’s Prayer and Fasting Retreat in July on the southern island of Mindanao. Please pray for us to realise our goals.

## Leadership Conference

Kindly allow me to promote the Leadership Conference to be hosted by Good Shepherd Baptist Church that is only a few weeks away.

This will be our 10th Conference and we’re in for great preaching and teaching from Dr Paul Chappell, Dr David Gibbs, Ps Doug Fisher and Ps Wayne Sehmish.

I was at a conference in America earlier this year and met many pastors who travelled over 4000 miles to listen to these same four men preach, many make this ‘pilgrimage’ year after year.

The Lord has graciously brought these preachers to our soil so that many of us don’t need to travel too far.

I’d just like to encourage our Aussie preachers to come and be fed and enjoy great fellowship with the more than 100 preachers we’re expecting to host.

Till the next issue, may the Lord bless and keep thee!

God bless you...

*Sylvester Chang*
